

AGN. NO.

MOTION BY SUPERVISOR GLORIA MOLINA

July 29, 2014

The Regional Planning Commission approved a conditional use permit authorizing the sale of alcohol at a proposed CVS pharmacy at 3601 Cesar Chavez in ELA. The CUP case number is 2013-00133. This request generated some controversy within the community. We hoped to address some of those issues with CVS and today I received a letter from them attempting to do so. However, the letter did not address all of my concerns. Therefore, the inability to resolve this problem came to my attention after today's board agenda was posted. Action is needed prior to the next Board of Supervisor's meeting.

I, THEREFORE, MOVE that the Commission's decision be called up for review by the Board at a future date.
